STAINLESS STEEL

17-4PH

MATERIAL / REFERENCE CONDITION

Precipitation-hardening stainless

Typical applications High-strength shafts and valve hardware

Material type	Precipitation-hardening stainless
Condition / reference grade	Specify Condition A, H900, H1025 or H1150
Manufacturing	CNC machining · grinding
Reference data	Full composition, mechanical and thermal property tables in the named grade section of the Atlas reference.
Specification notes	Aging condition changes strength and toughness; do not use one condition's data for another.
